# ATHUL OR

Kannur, India

athulor452@gmail.com | LinkedIn | GitbHub | Portfolio Website

## Profile Summary

- Full-stack developer with a strong focus on **front-end technologies** and expertise in **React.js**, creating scalable applications.
- Skilled in optimizing web applications for **performance** and **responsiveness**, focusing on user-centric designs.
- Proven ability to collaborate effectively in team environments, manage time efficiently, and troubleshoot technical challenges.
- Expertise in **React.js, Node.js, MongoDB, Azure DevOps**, and using **Agile methodologies** to deliver high-quality projects on time.

## Technical Skills

- React.js
- Next.js
- Node.js
- Angular
- HTML
- SpringBoot
- MongoDB
- Azure DevOps
- CSS
- JavaScript
- Express.js
- SQL
- Git
- SASS
- Tailwind CSS
- Bootstrap

## Experience

**Nuevoscope Technologies - Software Engineer | Bangalore**            **Oct 2024 - Present**

- Developed front-end interfaces using React.js, Next.js, and Tailwind CSS, enhancing user experience and improving page load speed by 25%.
- Built and maintained back-end services with Spring Boot, enabling secure API integrations and efficient data processing.
- Collaborated with cross-functional teams to design and deploy full-stack applications, ensuring seamless communication between frontend and backend.

**Aufait Technologies - Software Engineer | Bangalore**            **May 2023 - Sep 2024**

- Designed and developed interactive SharePoint sites, enhancing team collaboration and document management.
- Created Power Apps solutions to automate business processes and improve user engagement.
- Integrated Power Automate workflows to streamline approvals, notifications, and data synchronization across systems.
- Built Power BI dashboards for data visualization and actionable insights, improving decision-making efficiency.

## Projects

**Movies App – Netflix Clone |** View Website

- Built a dynamic movie platform with React.js, integrating **TMDb API** for diverse movie content.
- Implemented **React Router** for seamless navigation, improving overall app flow and user experience.
- Utilized **Lenis** for horizontal scrolling, enhancing interactivity and improving the movie browsing experience.

**Yola – E-Commerce Platform |** View Website

- Built a responsive e-commerce website featuring product listings, cart, and checkout functionality using React.js and Bootstrap.
- Implemented Redux for state management and REST API integration to handle dynamic product data and secure order submissions.

## Education

**Bachelor of Computer Science |** Kannur University            **Aug 2015 - Aug 2019**
Taliparmba Arts And Science College

## Additional Information

- **Soft Skills:** Problem Solving, Leadership, Team Collaboration & Communication
- **Languages:** English, Malayalam, Tamil, Hindi
